

Taste of Summer

Delizia began its journey in 2020. The summery weather of Dubai made it the perfect place to explore our passion for gelato. The name Delizia was inspired by the sheer joy experienced while savouring this delight. Handmade with care and passion, gelato is a traditional Italian treat known for its smooth texture and intense flavour.

Embodying the true essence of traditional gelato, Delizia is creamy, light, and packed with exquisite flavours that creates an explosion of taste in your mouth. Freshly produced in our facility and created with love, Delizia is made with natural ingredients of the highest quality that are carefully handpicked for an authentic, mouth-watering taste.
